

## Verse 1

There is a truth on which I am decided  
There is a truth by which I am defined  
There is a truth that means I have eternal hope:  
Christ was raised to life!

## Verse 2

There is a hope of which I can be certain  
There is a love that never ever dies  
There is a creed without which I would be condemned:  
Christ was crucified, Christ was raised to life!

## Chorus

Praise the name of Jesus, sacrificial love  
I deserve no mercy, but still You shed Your blood  
Praise the great Redeemer, I'm ransomed from the grave  
Now I live in freedom, Christ has made a way, Christ has made the way!

## Verse 3

There is a grace of which I'm undeserving  
There is a peace I cannot comprehend  
There is a joy I have because I know the truth -  
Christ was raised to life!

## Verse 4

There is a light that blinds the power of darkness  
There is a name that makes the demons shake  
There is a fight but God has won the victory  
Christ was crucified, Christ was raised to life!

## (Chorus)

## Bridge

Death, where is your victory?  
Death, where is your sting?  
'Cause Jesus paid the price for me  
And in Him I live!

## (Chorus)
